

# Sibelius Quick Tips

## Ch 1 - Create Your Own Composition

### 1. Changing Clef:

Press the letter “Q” on your typing keyboard. Then select your Clef and click “OK”

### 2. Entering Notes:

Select a quarter note on the keypad and click on the staff. Your cursor will turn blue.

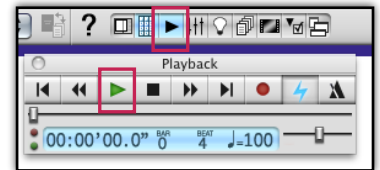

### 3. Editing Text:

Click the text 3 times to activate the cursor. Delete the old text and type in new text.

### 4. Playback:

Click the black triangle on the top bar to open your playback controls. Then click the green triangle.

**Press the ESC key** to leave the note entry cursor mode (blue) and use the object entry cursor (white or black).

\* Remember to **SAVE** your work regularly.

## Ch 1- Expansion

### 1. Adding or Changing Key

Press the letter “K” on your typing keyboard. Then select a key signature and click “OK”.

### 2. Adding Lyrics:

Go to the “Create” menu ➡ Text ➡ Lyrics ➡ Lyrics Line 1
